Local vet's Baghdad paintings at art fair

By ALISON ALOISIO

A Telstar High School graduate and Iraq veteran will display watercolors of military life in Baghdad at Saturday's Bethel Art Fair.

Staff Sgt. Randall Rickards is an Andover native and 1975 Telstar graduate.

A 19-year Army veteran, Rickards spent about a year in Iraq with the 152nd Maintenance Co.

His work draws on a talent he first cultivated at Telstar, under teachers Betty Hebert

and Tim Kavanagh.

"They inspired me," said Rickards.

He has painted periodically for many years. Past subjects have often been traditional ones, such as coastal lighthouses. As a teen, he showed his work in sidewalk art shows.

In 1995, he did some paintings at the former Loring Air Force Base and gave them away as gifts.

Public hearing Monday on Mason St. sidewalk

By MICHAEL DANIELS

The Bethel Board of Selectmen will hold a public hearing Monday evening on a proposed sidewalk along 1,600 feet of Mason Street and Crescent Drive.

The new sidewalk is expected to cost \$136,000. Partial funding (\$96,460) was secured in early June through a grant from the Maine Safe Routes to School Program.

The balance is slated to come from the town's Public Work Budget, an arrangement

which was approved by voters at last month's annual Town Meeting.

However, several decisions about important project details remain to be made.

At the time the grant was announced, Town Manager Scott Cole said: "We didn't have to provide an enormous amount of detail going in — so now we're going to have to figure those details out."

The plan currently under

KIDS RAISE FLAG FUNDS

Through several projects during the school year, pupils at the Woodstock Elementary School raised more than \$700. They decided to use the money to purchase a dozen American flags to hang from utility poles in Bryant Pond Village. The flags were put up last week on poles that have street lights on them, so the flags will be illuminated. They are expected to stay up through the summer. Here, Nick Johnson hands a flag to Josh Campbell of the Woodstock Highway Department. Campbell and the road crew mounted the flags from the town's bucket loader.

Overflight comment deadline is July 15

By MICHAEL DANIELS

Anyone wishing to comment pro or con on the Air National Guard's proposal to allow fighter aircraft training over much of western Maine to operate as low as 500 feet above ground level has just over a week to do so.

The Federal Aviation Administration comment period on the proposal closes on July 15.

The ANG has also scheduled an additional hearing on the proposal.

The hearing is set for July 11, from 6 to 8 p.m., in the dining hall of the University of Maine at Farmington.

Condor floor drop

The plan would affect just over 4,000 square miles of land that lies under the two existing military operating areas, Condor 1 and Condor 2.

The Bethel area lies in the southwest corner of Condor 1 (map, Page 4)

Currently, training flights in the two MOA must be con-

July will be a grand piano month at Gould

By JOHN NESBITT

A small group of talented young pianists are currently studying with Russian virtuoso Tamara Poddubnaya at Gould Academy.

The musicians are on the campus until July 21, and they will give free public recitals two evenings each week in either Bingham Auditorium or McLaughlin Science Center auditorium.

A distinguished graduate of the Rimsky-Korsakov Conservatory, St. Petersburg, Poddubnaya has received high praise in Europe and the United States for her interpretations of a vast keyboard repertoire, and she is much-sought after as a teacher.

Poddubnaya divides her time between two continents.

Resurgent Canoe Trek paddles through Bethel next weekend

By ALISON ALOISIO

The Source to the Sea Canoe Trek of the Androscoggin River, which starts this weekend, has returned to a semblance of its former self.

The 174-mile trek is sponsored by the Androscoggin River Watershed Council. The trip starts at Lake Umbagog and concludes in Bath, highlighting river management and resources along the way.

For its first 10 years, the trek was free to all interested canoeing enthusiasts, and covered the distance over the course of 20 days. Stops included the Bethel area.

Last year, the event was scaled back to only four days, spread over three weekends. A pledge of \$35 was requested

TABLEAU VIVANT POSES SOLUTIONS TO TREASURE HUNT CLUES—The Mollycodd Treasure Hunt Medallion was found Thursday morning (June 28) by the trio of Kim Sprague and Koral Kimball of Bethel, and Becky Larson of Greenwood. The clues and their solutions unravel as follows. Clue One: "A really fun contest — check it out." Kimball sits on the steps of a library, from which readers check out books. Clue Two: "'Yea, slimy things did crawl with legs / Upon the slimy sea.' Samuel Taylor Coleridge, 'The Rime of the Ancient Mariner.'" She is reading the Coleridge poem on the steps of the Whitman Library in Bryant Pond, which was named for the noted 19th century biologist Charles Otis Whitman, a Woodstock native who from 1888 to 1908 was founding director of the Woods Hole Marine Biology Laboratory. Much of Whitman's work involved the study of marine invertebrates. Clue Three: "Were he to travel through now (he was an accomplished skier and taught for a time at Harvard) Lolita's creator would tremble with surprised delight." Vladimir Nabokov, the author of "Lolita," was also a serious student of butterflies, and served for a time as curator of lepidoptery at Harvard's Museum of Comparative Zoology. (By chance, C.O. Whitman had worked at the same museum more than a half century earlier.) In the photo Sprague, holding a copy of "Lolita," contemplates sculptor Gil Whitman's "Tiger Swallowtail," on the front lawn of the library (while Emileigh Parsons rests in the swallowtail's shadow). In the right foreground of the photo, Larson reaches into the tree where the medallion was hidden. Had the medallion not been found by the final week of the hunt, the last clue was to be: "Hum 'In-A-Gadda-Da-Vida,' then branch out." The Mollycodd Day Treasure Hunt is sponsored by The Mahosuc Arts Council and The Bethel Citizen. The \$500 prize will be awarded on Mollycodd Day, July 21.

CRACKS IN SIDEWALK PLAN

To the Editor:

I am writing the following comments because due to previous out-of-town commitments I will not be able to attend the July 9 public hearing on the proposed construction of a sidewalk on Mason Street.

I moved to the town of Bethel approximately four years ago from Los Angeles, Calif. I initially rented a residence on Mason Street and in the fall of 2004, I purchased the residence at which I currently reside at 45 Mason Street.

I had attended Gould Academy in the 1970s and my attraction to this community was the quaint setting and good New England heritage. In making my decision to move from a metropolitan environment, I wanted my children to be raised in what I have always seen as a safe, community oriented environment. My fond memories of my high school days and my numerous alumni visits over the following years to this community quickly led me to the decision to move here.

I had looked at several homes prior to my actual decision to purchase on Mason Street. I fell in love with the home and neighborhood. I was impressed with the proximity to the school, town, and most services, yet resided in an area that has homes of historical value, tree-lined streets, and a good neighborly relationship.

I initially heard of the proposed sidewalk earlier this year, and my initial reaction was where it would be located. This thought quickly passed and my only question became "Why?" I have children all of school ages with my youngest attending Crescent Park School. I have had the opportunity to observe the morning and afternoon traffic for several years. I, first of all, have seen very little foot traffic. Secondly, I have never observed any traffic-related events that would give me concern for the safety of my child or that of others.

I have observed the proposed sidewalk location and though I am not opposed to Crescent Drive, I am surely opposed to Mason Street. The determination to place it to the northerly side was based on the fact that there were far fewer obstructions than the southerly side. Regardless, I am deeply concerned as to how this project will significantly change the historical nature and setting of our neighborhood. I begin with the Bethel Historical Society and how it will affect its curbing, gardens, and rock wall. As we proceed further, the carriage House will lose its small but beautiful landscaping and pretty much place all foot traffic in the window of the resident at the end of the building. We proceed further down the street and see where 80- to 100-year-old magnificent trees will be removed from areas around 40 and 48 Mason Street. Is this really necessary? The sidewalk will then cross the street to Crescent Drive. If safety is a concern, why are we now placing the children at a crossing point where all morning and afternoon school traffic intersects? There is a significant amount of traffic from staff members, parents, and most of all, this places the children in direct conflict with the school buses coming from Spring Street, to Mason, then to Crescent Drive. Does this now mean that we will need a crossing guide?

My fiancé and I are both retired law enforcement members. We have talked extensively about this project with his expertise coming from running municipal agencies and having dealt with these types of traffic decisions. The necessity of constructing a sidewalk should and must be based on needs rather than having monies available. What are the specific needs? How many children walk to and from school? How does this affect the foot traffic from Chapman to Mason Street? What circumstances led to making such a decision? What are the traffic issues? What is the traffic and violation history with the police department? If the sidewalk is installed, what is the town's initial contribution and what are the ongoing maintenance costs to include plowing, snow removal, and such? These questions must be addressed and, as your letter suggests, explore the alternative.

I have not seen or read any meaningful data that suggests that we have a problem. If traffic is traveling too fast, there are minimally intrusive speed bumps that could be located at strategic locations. This could also be coupled with prohibited parking to one side of the street during school hours or during the school year. This can be coupled with strong law enforcement measures. The latter approach has been taken on Spring Street to simply allow the school buses safer and unobstructed access to Mason Street. These are considered low-impact measures that can fit into a neighborhood setting that will certainly provide adequate safety measures.

LOGGERS ANDY BOELSMA (LEFT) AND TONY CHAPMAN size up a tree on the grounds of the Maine Conservation School in Bryant Pond.

FINEST KIND OF TREE HUGGER

To the Editor:

Every day community members quietly do good deeds and go unrecognized. This is the story of one such individual who used his skills to do something decent for an important nonprofit organization in the Bethel area. Tony Chapman, the owner of Finest Kind Logging Company of Greenwood, has become the hero of The Maine Conservation School (MCS) in Bryant Pond. Recently the school faced a dilemma. On their roughly 200-acre campus, there were several old and rotting trees surrounding their buildings that were a potential hazard and needed cutting.

The school, which hosts approximately 800 campers every summer, is a nonprofit dedicated to teaching the children of Maine about conservation and related outdoor skills.

Sixty-six percent of the children who attend MCS come on some form of scholarship. The money the school receives goes into providing affordable environmental education and every penny counts.

Several bids came in for the logging and the cost to cut these dead and dying trees was much higher than the school could afford.

Tony Chapman, a local logger, heard of The Maine Conservation School's plight and offered his help. Tony showed up at the school with his assistant, Nick Chapman, and an independent logger named Andy Boelsma, and proceeded to take down all the trees that were, or could be, a danger in the future.

With the help of Phil Landry and Ken McInnis, school employees, Tony and his crew cut every tree MCS had identified as a potential problem.

In two days, Tony cut over 20 ailing trees, some of them over 100 feet long. The services of Tony, his assistant Nick and Andy Boelsma were free.

Tony was amazing. He was dropping 100-foot trees on a dime. I have never seen a better logger and Tony has a heart of gold. He really bailed us out.

When asked why he had been so generous Tony said, "The Maine Conservation School is a huge asset to our state and I have always wanted to do something important to help them." Now he has.

If you happen to run into Tony Chapman or need a skilled logger, call him and mention that all of us in our community thank him for his efforts. He really is the finest kind of tree hugger around.

Executive Director, Maine Conservation School

DON'T LET IT HAPPEN HERE

To the Editor:

As a life-long summer visitor to this area (since 1947), I have witnessed many changes, some positive — for example, electricity, indoor plumbing, paved roads, improved telephone service (no longer "crank phones"), the Internet and the recognition of the value of improved water quality in our ponds and streams.

However, there have been many negative changes as well — increased litter and pollution, cutting of forest lands, the building of homes destroying shore lines, mountain tops and natural animal habitats and now, the proposed establishment of a marina on Round Pond.

My family has been coming to Twitchell Pond since the 1930s. This beautiful and natural area must remain a family recreation area — for instance, five generations of the Case family! We are people "from away" who love and treasure the pristine nature of Greenwood.

I fully understand the very real financial pressures. Being from Bucks County, Pa., I've personally watched the destruction of beautiful farmland by the developers with the inevitable results — "roof-top" landscapes, increased traffic congestion, increased taxes to keep up with the increased demand on services, increased crime and an overall decrease in the quality of life.

Please, don't let this happen here! Once it is gone, it is gone forever. Keep Greenwood "Green."

ANGEVINE EARNS HARTSHORN AWARD

To the Editor:

In last week's College Grads column the following information on Craig Angevine's Bates College commencement was excluded: Craig received the William Henry Hartshorn, Class of 1866, Award. The award is given annually to the member of the senior class who attains the highest average rank in English literature during his or her junior and senior years. It is in memory of William Henry Hartshorn, for 37 years a member of the faculty.

Proud of this extraordinary achievement are Craig's parents Rick Angevine of Bethel and Laurie Bailey of Andover, paternal grandparents Richard and Sue Angevine of Upton, and maternal grandparents Frank and Janet Vogt of Bethel.

consideration calls for a 5-foot-wide paved sidewalk with granite curbing.

It would run in along the westerly side of Crescent Lane, from Crescent Park School to the southerly side of Mason Street.

The sidewalk would begin again on the northerly side of Mason Street and run to Broad Street.

Cole said the northerly side of Mason Street was selected because there would be less impact there than across the street, where water, electric and drainage infrastructure is located.

But three to five mature trees

would have to be cut down to make way for a sidewalk on the northerly side, he said.

'Some residents have questioned if there is any real need for the sidewalk.'

Other decisions that remain to be made include whether or not to make part of Mason Street one way, and/or to prohibit parking on one or both

sides of the street.

The town is also looking at the possibility of upgrading the sidewalk to concrete, if that can be done within the \$136,000 budget, Cole said.

Some residents have questioned if there is any real need for the sidewalk.

Others have expressed concern about the physical and visual impact it would have on the quiet, tree-lined neighborhood street (see Letter to the Editor, elsewhere on this page).

Monday's hearing will be held in the Town Office meeting room, beginning at 7 p.m.

performing and teaching in Russia, Bulgaria, and the Netherlands, as well as at the Long Island Conservatory and the Portland Conservatory of Music.

After visiting the Gould campus in May and playing the new Steinway pianos Poddubnaya said the school was the perfect place to bring her young students for their summer training.

She makes several visits to Maine each year and has performed and given master classes at the Portland Conservatory, Bowdoin College, and the Franco-American Heritage Center in Lewiston.

Students

Two of the students, 17-year-old Robert Poortinga and 13-year-old Valentina Toth, are from the Netherlands.

Robert began playing the piano at age 7. A great fan of popular piano music, he discovered the challenge he needed upon beginning serious study of the classical repertoire three years ago and he has just passed his entrance examinations to the Prins Claus Conservatorium, Groningen.

Valentina is an accomplished fencer, as well as classical pianist, and she also serves as an editor for a fencing magazine.

Joining them during the third week in July will be 18-year-old Evgeni Genchev, a student at the National School of Music and Dance in Sofia, Bulgaria, and one of Europe's most promising young keyboard artists.

A laureate of several international competitions, he most recently received the first prize in the prestigious Valery Gavrilin Competition, Vologda, Russia.

Evgeni played in Portland and Lewiston last summer and eagerly anticipates his visit to Bethel.

Poddubnaya and her students said they look forward to meeting residents and other visitors during their time in Bethel.

The schedule of public recitals will be posted in The Citizen as well as at the Mouse and Bean, Café de Cocoa, Bethel Foodliner, and under "What's Happening" on the Gould Academy website.

Briefly

Marina approved, appeal eyed

GREENWOOD—Residents opposed to a proposed 12-slip marina on Round Pond in Greenwood were pondering their options Tuesday morning. The previous evening the town Planning Board had unanimously approved an application from Don Lawrence of Bryant Pond to site a marina on the pond, next to the town boat launch in Locke Mills. Opponents, who had argued against the plan at two earlier public hearings, said Tuesday they were considering grounds for appealing the approval. They have 30 days to make their decision.

Meeting on Wildlife Refuge

UPTON—The U.S. Fish and Wildlife Service will host an informational meeting from 7 to 9 p.m. on Tuesday, July 10, at the Errol, N.H., Town Hall on a proposed comprehensive conservation plan and environmental impact statement for the Lake Umbagog National Wildlife Refuge. The plan includes three alternative approaches for managing wildlife, habitats and public use programs at the refuge for the next 15 years. According to Refuge Manager Paul Casey, the Service is hosting the July 10 session to provide highlights of the proposed alternatives and to address questions from interested individuals and organizations in advance of the open comment period on the proposed plan. A series of open houses and formal public hearings on the proposed plan are scheduled in New Hampshire and Maine during late July and early August during the official public comment period. Details on those meetings will be available on July 10, as well as distributed through mailings, the refuge website, and published in local newspapers. The comment period will extend through Aug. 24.

TOWN OF BETHEL PUBLIC HEARING MASON STREET SIDEWALK

The Bethel Board of Selectmen will hold a Public Hearing on Monday, July 9, 2007 at 7 PM at the Bethel town office. The hearing will be held to receive public comment, written and oral, concerning construction of a sidewalk, approximately 5 feet in width and 1,600 feet in length, running along the northerly side of Mason Street and westerly side of Crescent Drive. The sidewalk will begin at the intersection of Broad and Mason Streets, and terminate at the Crescent Park School. A pink line was recently painted along Mason Street to indicate where the sidewalk curb will be, closest to the street.

A variety of actions are being considered, in conjunction with this project. They include establishment of one-way traffic on Mason Street, prohibition of streetside parking (one or both sides) and revised signage and street marking. While project funding (\$136,000) has been secured, final construction plans and related traffic control actions remain subject to approval by the Board of Selectmen. No decisions have been made in this regard.

Written comment may also be submitted to the Board of Selectmen prior to July 9 by hand-delivery to the town office, mail at P.O. Box 1660 Bethel, ME 04217, and email to info@bethelmaine.org. For more information, please call 824-2669.

TOWER 3 IN HOT WEATHER, by U.S. Army Staff Sgt. Randall Rickards. An exhibit of paintings by Rickards will be on display at Saturday's Bethel Art Fair. The original watercolor will be on display at the Bethel Art Fair Saturday.

The idea of a military theme continued when he was sent to Iraq in 2005.

In Baghdad, Rickards' duties included serving in the guard towers overlooking the Iraqis' special forces training compound.

He painted the towers and the guards in them, as well as Iraqi children who came to visit the guards.

"Every tower had a different set of kids," said Rickards.

The soldiers would often give the children candy.

One painting features three little girls.

"They would come to Tower 3," Rickards said. "I framed them in the wire (barricades surrounding the tower)."

Other subjects included portapotties and Jersey barriers.

Rickards said he first sketched the scene he planned to paint, usually from his own mental images of it.

He said that soldiers who have seen his paintings find them therapeutic. "These paintings tell a story," said

Rickards.

His exhibition at the Bethel Art Fair is entitled "A Day in the Life."

The display has also been shown in Warren.

Rickards said some of the paintings are "clones" of originals he painted while in Iraq.

He describes his paintings as "reflections of the daily grind of military life, mingled with a proud sense of purpose, balanced by remembrances of home and peace."

Condor

Continued from page 1

ducted in airspace between 7,000 and 17,999 feet above mean sea level.

But according to an environmental impact statement produced by the 102nd Fighter Wing of the Massachusetts Air National Guard, the minimum-altitude restriction makes it impossible for the pilots to train for the type of activities they are likely to be called upon for, especially in the post 9-11 environment.

The environmental assessment states: "On Sept. 11, 2001, the 102 FW intercepted over 100 civilian aircraft and every intercept was below 1,000 feet AGL. The events of Sept. 11, 2001 underscore the 102 FW's need to be fully trained and operational in low-altitude environments."

(Note: on the day of the terrorist attacks, two F-15s from the 102 FW were also dispatched to New York City, but they did not arrive until after both towers had been hit.)

Visual Route closed

A military source, who asked not to be named, has

told The Citizen that if the MOA change is approved, the ANG's will agree to eliminate the already existing low-level training routes over Maine.

One of those routes (VR-840) passes directly over Greenwood and Bethel, on its way to the Rangeley Lakes region.

Aircraft on the route can already operate as low as 500 feet above ground, but the ANG argues that the routes are too narrow to be used for the type of intercept training its planes need to be able to perform. (One military aircraft, the ground support A-10 can fly as low as 100 feet on such routes, but A-10s are being phased out, and sightings of them here have decreased dramatically in recent years.)

VR-840 is the source of the low-level military flights currently seen in the area.

The ANG argues that discontinuing such routes and distributing the low-level training across the much larger MOAs will have the net effect of reducing the disturbance caused by the sorties.

The proposal to drop the

training floor was announced in March, with an initial deadline for comments of April 13.

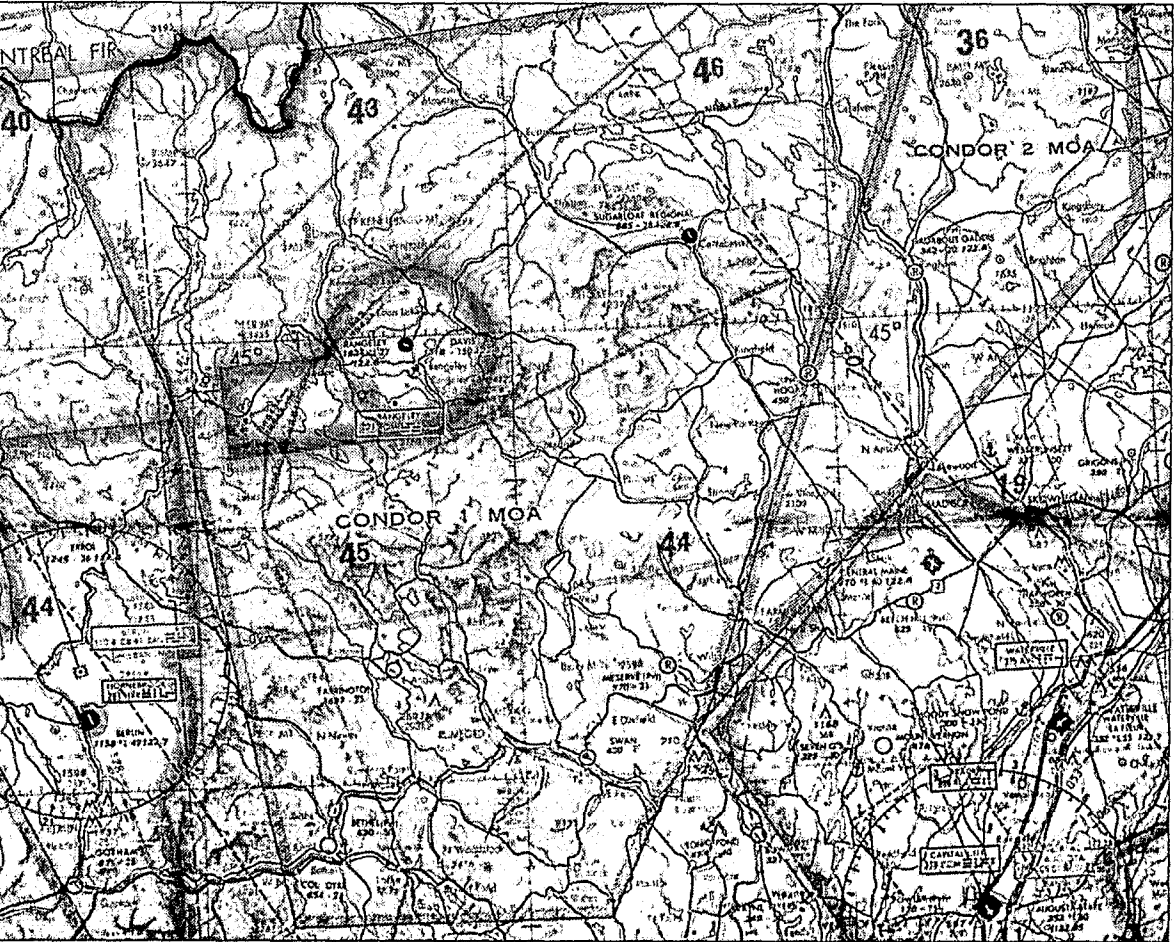

That deadline, however, was twice extended, in part because of complaints that the initial timeframe did not allow adequate time for consideration of the proposal, and for opponents to build their own case.

The mid-July date was also selected in part to allow seasonal residents and visitors to learn of the proposal and have time to provide their own input.

Public opposition to the proposal has generally been scattered — and a far cry from the early 1990s, when a plan to drop the training floor to 300 feet met with widespread and vocal opposition — including from the state's Congressional delegation.

That plan was ultimately dropped.

Comments on the latest proposal should be sent to: Federal Aviation Administration, Attn: AJ02-E2B.9 P.O. Box 20636, Atlanta, GA 30320.

Trek

from participants.

Bethel was not included among the stops.

Organizers cited the cost to ARWC as the reason for cutting back and asking for pledges. The move allowed the organization to cover its expenses last year.

But this year the Trek will again be free and will include at least nine days of paddling. The Bethel area has also returned to

the list of ports of call.

According to the ARWC website: "The 2007 Trek will include at least nine days of paddling on the river spanning three weekends in July. As funding is secured, we will add additional paddling days, enabling us to incorporate more of the towns through which the river flows."

"This format will allow us to lower our expenses while still

illustrating the different environs of the 174-mile length of the Androscoggin."

Canoeists may participate in any or all of the paddling segments. Legs in this area include July 12, from Shelburne, N.H. to Gilead; July 13, from Gilead to Bethel; and July 14, from Bethel to Hanover.

For more information on the trek and registration, go to www.androscogginriver.org.

— and there were two visitors, a mother and son. No swimmers though. At Angvine Park the main attraction turned out to be swarms of tadpoles and tiny but fully transitioned frogs.

We were going to take the water temperature at Big Adventure Center's water slide but it was not running.

Syndicates come and syndicates go. Now we have learned that the ASC combination of skiing resorts has dissolved. Bethel people experienced a similar collapse, albeit a quicker one, in the 1890 to 1892 period when local spool mills were the assets. American Bobbin, Spool and Shuttle of Boston took over Bethel's Steam Mill, the Skillings' birch mill in Gilead, the Tebbets' mill in Locke Mills and Dixfield's spool mill. William Skillings went to Boston to the corporate headquarters and his brother, Julius, went to the Skillings' family home in Winchester, Mass. However, the new corporation ran out of steam in less than a year. Soon the company's court-appointed trustees were leasing the mills back to original owners and managers. Julius Skillings also soon was able to buy the Bethel Steam Mill back, owning and operating it for another 33 years with his wife continuing to run the mill after Julius' death.

Last week the Celestial Weatherman sent us a variety of conditions. Midweek the tempera-

ture soared into the 90s but the weekend was a mix of cold and wind with temperatures in the 40s. I guess summer was last week!

Preparations for the Fourth of July are underway with picnics, cookouts, fireworks and parades.

The "Naughty but Nice" Red Hat Ladies from Errol spent two days decorating a float for Errol's parade on the 7th.

The town is abloom with peonies, lupine and yellow lilies. The cold spell did slow down the vegetable gardens. You can hear the grass grow at this time of year, however.

A very large snapping turtle crossed Mill Road and made its way up to Casey's garden, probably to lay its eggs. It was well over a foot long and 10 inches wide. We do not see turtles here very often.

The lake is quite high. Loons seem to be scarce.

Sue Nelson spent part of the week in Thomaston taking care of her grandchildren.

Vacation week is in full swing. Traffic on Route 26 was quite heavy over the weekend. There were many Canadians heading south and lower New Englanders heading north.

Mike Yarnell arrived on his motorcycle to visit his mother and mow some grass.

Sandy and Gene Wixom will hold their annual "Porch Party" on July 7. All their children and grandchildren will be up for the Fourth.

A "Rogue Bear" is visiting every night in a different area of town. The poor creature must be hungry. He left his "calling card" on my lawn and several others. East "B" Hill and Back Street have also been bothered by bears. Bird-feeders have disappeared into the woods, never to be seen again.

Last Saturday, Carolyn Taylor and I visited the Middle Intervale Quilt Show. It was spectacular. The porch of the old meeting house was draped with lovely quilts. Inside the

church the pews were also draped with every pattern of quilt imaginable. Many towns were represented and we were happy to see Wilma Rector's as well as the work of other quilt artists. The show will be presented again in 2009. I would hate to have to count the many pieces of cloth and quilting stitches involved. Martha Stewart eat your heart out. (Quilters Rule!)

Yard sales are taking place every weekend. There are many articles that one cannot live without.

The hummingbirds visit less frequently. The females must be nesting because we see very few of them. The little guys are not as aggressive as they were during the past few weeks. Goldfinch and purple finch are now brightening up the foliage. The finches are the "Birds of the Week."

Since the Fourth of July comes in the middle of the week, most celebrating will occur on the weekend of the 7th.

May you have a Happy and Safe Holiday.

The author of the Ode to Grafton Notch in last week's column was

M. Cairns Abbott.

On the 21st of June I had a great visit and lunch at the Taste of Eden in Bethel, with Janis Black from Zephyrhills, Fla. We had an enjoyable visit with lots of catching up to do and celebrated my recent birthday together.

On Saturday, the 23rd, I left for Salisbury, Mass., to visit my friends, Susan and Fran Kidduff. They live in a late 1700s house on a quiet street in a lovely rural setting. I was very impressed with what they have accomplished; not only inside but the outside flowers and gardens all surrounded by lovely lawns which Fran keeps looking so great with

FLAGS FOR WOODSTOCK
Pupils at the Woodstock Elementary School raised money this past school year to purchase flags to hang on Main Street in Bryant Pond. Here, the pupils present the flags to Town Manager Vern Maxfield (left). From left are Nick Johnson, John Walker, Mariah Millett, Toby Walker, and Tehya Johnson.

his gas push lawnmower.

On Sunday, Fran was off to work and Susan and I drove to Salisbury Beach for a walk. We had to leave the beach area immediately as there was a swarm of minute midges biting us. Even the new puppy dog, Mia, a West Highland white terrier which I was told most people call a "Westie" couldn't get off the beach fast enough as well.

It was a wonderful weekend and shortly after Susan left for work on Monday, I headed home.

This past Saturday, my cousin, Claire Marx from North Windham, and I met in Bethel. We drove to Gorham and Berlin and stopped at Wal-Mart before going to the family cemetery.

When we arrived at the cemetery, we found that the planter I had left 25 days earlier was gone, the flowers dumped and dead. I guess some vandalistic kids had nothing better to do. The cemetery is located in a lovely but secluded spot. Perhaps it is something to be reported to the Berlin police.

This is certainly a year for snakes. At least at my place. The large one mentioned earlier shed a complete skin which was intact and measured 26 inches. I almost stepped on it before the shedding when it was sunning on a rock. It

seems there are many little ones around in various sections as well. And though I appreciate most all of nature, I also prefer that some of the critters are a bit of a distance away.

Gilead

by Lin Chapman

Considering the weather that we are having, it is hard to believe that it is the first week in July.

My brother, Steve McLain, has told me that the robin's nest at his house is now empty. All three of the baby birds successfully flew away after practicing their flying skills.

Selectmen's Meeting
The regular monthly meeting of the Selectmen will be held on Wednesday, July 11, at 7 p.m. at the Town Hall.

Planning Board
The regular July meeting of the Gilead Planning Board will be held on July 12 in the Town Hall and will start at 7 p.m. Due to the Fourth of July holiday the meeting is being held on the second Thursday instead of the first Thursday. Gilead Historical Society The GHS is wrapping up af-

ter Friends and Family Day that was held on June 23. The Town Hall has been open this past weekend to try to sell more of the Yard Sale items that were left over and will be open a few more times when someone is available to tend it.

After checking through the guest book, it was noted that there were approximately 140-150 people who attended the event. Considering the weather, that was quite a good turnout. Besides people from Gilead and many towns in Maine (Bethel, Albion Twp., Litchfield, Casco, Yarmouth, Greenwood, Portland, East Baldwin, Falmouth, Augusta, Auburn, Norway, South Paris, Saco, and Poland), there were people from Massachusetts, Virginia and New Hampshire.

David Wainwright is recovering from shoulder surgery. He is at Stony Brook Recreation during summers.

Also recovering at home from surgery is Butch Clark of Ellis River Road.

Jeff and Lynne Watts have returned home following a trip to California.

Dr. Jerome and Sandy Nolan have returned to their Howard Pond Cottage. Dr. John and Jane Payne have also returned to their Howard Pond property.

The Howard Pond Preservation Association had scheduled their annual meeting for July 3, at the Payne cottage.

A lot of folks are having vacation during this Fourth of July week. We hope everyone has an enjoyable time and will be especially careful and avoid accidents.

Summer at last! Hot weather then cold nights like fall, but most of the time it has been beautiful.

On July 8 at 11 a.m. at the West Summer Universalist Church Shirley Miller will be the speaker followed by a delicious coffee hour and good conversation.

There will be a book sale on July 7 at the Whitman Memorial Library in Bryant Pond from 9 a.m. to 1 p.m.

Bryant Pond Grange will hold a food and craft fair at their hall on the same day. Do plan to take in both.

Beryl Bonney entertained Dorene Merrill at her camp on Round Pond over the weekend.

Donna and Raymond Melville enjoyed the week with Beryl at her camp.

Beryl Bonney hosted the Goodwill Fellowship on Monday evening with ten members attending. A picnic sup-

per was enjoyed followed by a business meeting and then Pokemo, Beryl has been busy entertaining during this hot weather.

Last week was a busy time for me, too, as I attended Ferry Beach work week in Saco. We all arrived on Friday afternoon and worked through the next Friday leaving for home after lunch. The sewing machine and sewing equipment went with me for I joined the "sweet shop" sewing group. Several of us had worked together before.

I was daughter Jude's assistant and helped her register the attendees during the afternoon. Rooms were assigned and jobs chosen. Jude's grandson, my great-grandson, Joshua Hyssong, came to stay for two days. We three shared a room with two sets of bunk beds. Joshua enjoyed the upper bunk leaving us older ones to sleep below. He returned home on Sunday and granddaughter/great-granddaughter, Molly Flarety, then came for two nights.

Each morning at 6 we walked on the beach and gathered shells and stones. There was a sitter present to look after the children in their special room while we worked. Jude was a coordinator and made sure all had what they needed to do their jobs. She was busy most of the time.

At 8 a.m. all started work and continued until lunch at 12. There were from fifty to sixty workers; carpenters, painters and sewers. Brush was cut in the camping grove and tree limbs gathered. The larger pieces were sawed up for firewood and the rest was mulched for future use. All buildings were power washed. All worked at least four hours a day leaving the afternoons and evenings free. Some napped and most enjoyed the sandy beach and cold, cold ocean. There were many children to splash in the water and build castles in the sand.

The big storm a few weeks ago washed away 22 feet of dunes. Camp Ellis, next to Ferry Beach, lost several houses and more road to the ocean. Construction was going on there with more huge boulders being added to shore up what is left.

It was a pleasant week even with one day of 90 degrees and one of 80 degrees, but most of the weather was good. I never did make it to the beach in the morning in time to see the big red ball pop out of the ocean. The one morning I did get up in time it was cloudy. The sun does rise about a quarter to five!

My sewing group made many valences, some drapes and sheer door curtains, covered a sofa and several chairs. It was a relaxing time and so nice to meet many old friends and to make new ones.

Three settees were made for the Eleanor Forbes Chapel in the pines with plans to make many more later. Friday after viewing all the jobs done, we were all sorry to pack up and leave for home, but were proud of all the work completed. Everything looked so bright and orderly. Yes, there are more things to be done next year. I plan to go back again.

On the way home I stopped in Gray to see Dorothy Christie for I had not seen her for a long time. I do not go that way often for I have no reason to go to Portland.

Muffin made out well while I was away and does even feel heavier. Her caregivers fed her well and even took time to brush her. I am thankful for the good friends and neighbors that they are.

A couple of weeks ago I wrote about our old friend, Ralph Bice,

and what we've learned from him over the years about fishing, Algonquin Park, and life in general.

We just returned from a week in Ralph's old fishing camp on Rain Lake in Algonquin, accompanied by friends Mac and Nancy Davis. Together we paddled for miles (mostly against the wind), caught a few fish, and generally enjoyed the "tonic of wilderness."

The lady's slippers and cornus canadensis (dwarf dogwood) were mostly gone by, as they are here. However, we

saw twinflower, honeysuckle, and wood sorrel in bloom, as well as partridgeberry, bog orchids, and sheep laurel. Mac even found a few ripe blueberries, but the wild strawberries seemed to have disappeared.

Our early morning serenades comprised hermit thrush, robin, and veery. Later on in the day as we paddled, fished, or portaged, we heard Swainson's thrush, chestnut-sided warblers, winter wrens, white-throated sparrows, and countless others. There was a pair of Canada geese with two babies swimming near the cabin and even visiting our dooryard one early morning.

Other wildlife we saw included several cow moose and at least one calf, hooded mergansers, great blue herons, and ospreys. And I mustn't forget the dozen or more mice in the cabin!

We had a good visit with Ralph's daughter, Marilyn MacKay, and her husband Rod. They came to camp with a cake to celebrate my 73rd birthday, as it is the same date as Canada Day. I always think it is so nice of Canadians to celebrate a national holiday on my birthday.

We returned to sunshine and warmer temperatures on the Flat Road on Monday. Once again, Roberta Taylor held the fort and took care of Jake in our absence. Many thanks to her for giving us a worry-free vacation.

Our Boston family is here this week — Kate and Ken Griffin and our grandsons, Owen, 16, and Robbie, 12. We hope they get in lots of pool time and visiting with cousins. Maybe we will have seen some of our neighbors at the July 4 brass quintet concert at the Moses Mason House.

Happy Independence Day!

Services at the Baptist Church are Sunday School at

9:15 a.m., morning worship at 10:30 a.m., evening service at 6 p.m. Wednesday evening at 6:30 is prayer meeting. A very good attendance at Vacation

Bible School; around 35 children attended.

Franklin Grange 124 will hold a Food Sale with crafts, white elephant and whatever. It is expected music will be played on the porch. To rent a table to sell your own things, call Peggy Blake at 744-0080. Tables are \$10 each. The sale is Saturday, July 7, from 9 a.m. to 1 p.m.

The Whitman Memorial Library will hold a book sale on Saturday, July 7, from 9 a.m. to 1 p.m.

As both of these sales are beside each other, be sure to visit both and help support the Library and the Grange.

The Daughters of Union Veterans of the Civil War Department of Maine held their convention at Waterville on Friday, June 22. New officers were elected with Helvie Cary as Department president.

Judith Grover Tent 17 DUVCW will meet on Monday, July 9, at the Grange Hall.

The Woodstock-Greenwood Senior Citizens will meet at the Greenwood Town Hall on Thursday, July 5. Dinner by the Firemen's Auxiliary and a game party following. Please bring an item as a game prize.

On Tuesday evening, the Woodstock Fire Department held its annual picnic for firemen and family at Tom Hartford's home. It was a good crowd, a delicious picnic and a very nice place to have it. Thanks to Mr. Hartford for his hospitality.

Sympathy is extended to the family of Beatrice Cushman Felt.

Historical Society Steam Mill Antiques gave a nice monetary donation to the society. Thanks, Jay.

The society museum has exhibits of tools and farm equipment. There are also photos of the mill works.

Mary and Larry Billings watched the museum recently and Larry brought flowers from their garden.

Meetings are held at the mu-

seum the second Saturday of each month. Next meeting is July 14 at 7 p.m.

There have been more bear visits in the area recently. Millie Jackson had a

visit by a bear. Rudi and Barbara Honkala were also visited, but this time the bear swung the birdfeeder so hard it hit the lower sash of the storm window and broke it.

Millie Jackson had supper with Lori Olson and family on June 30.

Florence Hastings was at the Quilt Show on June 29 which was held at the Middle Intervale Meeting House, and was at Irene Anderson's in Albany for some rhubarb.

Judy Smith from Surry visited Arlene Harrington from June 30 to July 1. Esther Fuller of Greenwood and Dori Hallman of Durham also visited Arlene on July 1.

Alder River Grange will meet on July 13 with a 6:30 p.m. potluck supper and the meeting will be 7:30 p.m. at the Hall.

The next Grange supper will be July 28 and is meatloaf with mashed potatoes, veggies and salads. There will be baked items for sale.

The ground needs some rain. The garden is getting mighty dry. God Bless the Troops.

Marjorie Awall's letter to the editor; and, yes, I was Lorraine Swan, married to John Mills; and, four years after he died, much to my surprise as well as others, married Donald Larson.

Donald lived not far from the Wheeler house and, if I can remember Wesley Wheeler, Marjorie's grandfather, I presume he could have too, although he talked more about the sand-bank not far from the back of the Wheeler house where he played as a child, as did many of us. It was a vacant lot then, before the Davises built it in.

I remember seeing Marjorie when she was young and spending a vacation from her school and thinking what a pretty and brave little girl she was, to be going to a school where she had to board. I wasn't much for leaving home myself, obviously.

I met Marjorie again, and her dog at the time, when she came to visit me in AMHI where I was being treated for my off-and-on-again depressions. Thank God, they have finally learned how to treat depressions. I suffered over the years as much from the wrong medications as I did the depressions, but I digress.

And, yes, Connie and I were friends during childhood and remained so for all of our lives until she died and left a big hole in mine. We kept in touch, sporadically, through our young adult years. She would write when she had a child and I cried when she wrote and told me about losing her boy. Then the news got better as she wrote about an-

other baby and the children that touched her life. I never could keep straight those that were hers and those that she took in and I don't know as she paid any attention to the difference, anyway.

I was delighted when she moved back into the Bethel area. I got to visit at her home occasionally as she did mine, but mostly we did the one thing that sometimes drives me nuts when others do it, we met in the store and talked and talked and then continued it out into the parking lot. Connie would tell me about her work and about the latest young person staying with her. She said she never knew when she got up in the morning who would have stayed the night and didn't meet until breakfast the next day. As near as I could see she had a revolving door when it came to young people.

Then in later years I didn't get to see as much of her because John was not well and, after losing John, I didn't meet her very often but I was so busy I never checked to see if she was all right; and, knowing Connie's cheerfulness even in the bad times, I don't know if she would have let on about her health problems. It was a shock to hear that she had died. I didn't even get to the committal service although I tried. I was out of town and tried to make it back but by the time I located the cemetery everything was all over.

I guess that was the story of our lives in later years, we were always just missing

each other. But the affection and bond that we had still remained and I know if I were to meet her in the parking lot today we probably would spend hours just catching up and it would be as if we had never been apart. And thanks, Marjorie, for the memories!

I meant to comment earlier how impressed I was with the picture of the young softball pitcher in the paper two or three weeks back. It takes someone very talented to be able to catch a person in mid-air and get such a wonderful picture. If I were the distributor of prizes that picture would win one, hands down.

I was sorry to hear of the death of Charlie Blake. We were in the same class in school and it is always sorrowful to lose a childhood friend. Gerry Shimamura took me to Rumford Thursday to get my new glasses. We also took in a few shops such as the craft store in Mexico and Wal-Mart and Mardens. I didn't get much but it is always fun to dream!

The Greenwood Fire Department Auxiliary met Monday night to discuss the Senior Citizen dinner on the 5th of July. There were only four of us, Veronica Penley, Denise Swan, Missy Wakefield, and I. It seemed very strange not to have Maggie Ring there. I am fairly sure that she attended the last one we had before this. We would like to have some new members. Anyone is welcome; you don't have to be the spouse of a fireman, and we have had, off and on, men that came to the meet-

ings. We don't discriminate! I think I can safely say that we get along very well together so you don't have to be nervous about what you are getting into. We also really don't work very hard doing what we do and it isn't mandatory, anyway. Each does what they want to when they can. It probably is more taxing on the officers but no one will elect you to an office behind your back. All in all it takes one evening a month out of your life, and we have fun. Please come check us out.

Mason

by Richard Grover
Last Saturday, Galen Topper of Mason got to go on his first orientation

flight in a Civil Air Patrol Cessna 182 aircraft. When I phoned to ask him how it went, he said, "Excellent."

Then he went on to explain that he was given the controls for a few minutes to fly straight and level. When that went well, the pilot, Capt. Bob Baker, told him to do a 360-degree turn. Galen said that was awesome, and that he didn't lose any altitude during the turn. The C-182 aircraft is Maine Wing's newest aircraft and has a "glass cockpit" configuration; this means that the instrument panel is all digital and instruments are displayed on a flat screen, with no dials to figure out, except the backup magnetic compass!

It is July and the corn is even higher than knee high. Other than the

squashes the garden looks good. We have eaten radishes (a bumper crop), kale, lettuce, rhubarb and spinach. We have to water it almost daily, but it does well. The flowers are just OK. The day lilies are starting to pop and there is one row, so far; should be more.

Tasha is hurting. She either was in a fight or got hit by a car or a 4-wheeler. In any case, she hurts and has open soars. She is on antibiotics and MSM and yogurt. At least one of us can eat it without problems.

Thank you for all who tell me they read and like my column. That is always nice to hear. When I send it into cyberspace, I never know what may happen. Sometimes it disappears completely.

I had a great experience the other day; I received a letter from a friend I hadn't been in touch with for 40 years. Makes one feel old! In any case he is alive and well. Many of my friends have disappeared; Guess that is what happens when people change their names. I need someone better at researching this than I am.

Saturday, the 7th, 7/7/7 or 07/07/07 in addition to being the Bethel Art Fair is the Norway Festival and the 5th annual Poets on the Porch. The festival begins in the morning,

but POF5, as we call it, begins at 1 p.m. Come see us all and listen to our best poetry.

This may be too late if they have an early deadline so I'll stop now. Have a great and safe Fourth of July.

Andover

by Melinda Averill

Hi Andover folks.
Last week I was up at about 2 a.m.,

to let our new puppy out for a bathroom trip, and at the edge of our lawn I could see a round black ball stand up and trollop of into the brush.

The pup didn't even notice a thing. She's too young I guess. The Andover Old Home Day t-shirts are now on sale. They are only \$12, and are available at the local businesses and the town office.

Supply is limited so hurry and get yours. For questions on sizes and colors contact Old Home Day committee members, Betsy Belanger or Judy Tabb.

Congratulations to Suzann and Bryan Ware, of W. Lafayette, Ind. on the birth of their baby, Ellyzabeth Margaret, on June 28. Local grandparents are Peggy and Joe Madigan of Andover, great grandparents, Roger and Dottie Mills, Andover.

Happy birthday this week to Kayla Cole on July 6, and Tianna Wells on July 8.

Annual Drinking Water Quality Report for 2006 BETHEL WATER DISTRICT

Bethel, ME
PWSD ME0090160

We're pleased to present to you our Annual Drinking Water Quality Report. This report, a requirement of the 1996 amendments to the Safe Drinking Water Act, is designed to inform you about the quality of water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water.

WATER SOURCE
Due to exceptional water quality our source, we have a waiver to filtration. We screen the water twice before treating it with chlorine to protect from possible bacterial contaminants and add fluoride to promote dental health. It is then gravity fed to our 1,313 customers through 525 service connections. We own 2,000 acres surrounding the source, we have developed and implemented a Watershed Control which is designed to prevent contamination of our source.

SOURCE WATER ASSESSMENT
The sources of drinking water include rivers, lakes, ponds, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and radioactive material and can pick up substances resulting from human or animal activity. The Maine Drinking Water Program (DWPP) has evaluated all public water supplies as part of the Source Water Assessment Program (SWAP). The assessments included geology, hydrology, land uses, water testing information, and the extent of land ownership or protection by local ordinance to see how likely our drinking water source is to be contaminated by human activities in the future. Assessments results are available at public water suppliers, town offices, and the DWP. For more information about the SWAP, please contact the DWP at telephone 287-2070.

It's always wise to call ahead

Listings in The Citizen's weekly Community Calendar are compiled from a wide variety of sources. While we do our utmost to ensure the reliability of the information presented here, we recognize that when dealing with such a large volume of material, some inaccuracies will occasionally creep in. And in other cases, a sponsoring organization's plans may change between the time The Citizen is printed and the event is held. Accordingly, we strongly urge our readers to call ahead to verify the details of any event they plan to attend. Doing so will greatly reduce the chance of disappointment or needless inconvenience.

across from the Bethel Inn), beginning with a 5:30 p.m. social hour and followed by a 6:30 p.m. picnic dinner. Abbott will provide insights into issues facing the U.S. Senate and Maine's junior U.S. Senator.

There will also be a brief business meeting. This event is sponsored by the Bethel Republican Committee. Please bring a lawn chair if possible. All area Republicans are urged to attend. At the June 12 Oxford County Republican Committee monthly meeting in Andover, State Republican Chairman Mark Ellis was the featured speaker at the Andover First Congregational Church. He provided a powerpoint presentation on organizing on the local level and made a number of helpful suggestions on strengthening town committees in order to keep them active and vital.

Reunions

PENLEY FAMILY

Historic Penley Corner Church, Auburn, will be the site of the annual Penley Reunion and all-faith church service at 2 p.m. Sunday, July 8.

Penley descendants, friends, and neighbors are invited to attend the service that will mark the 252nd anniversary of the birth of the Penley progenitor, Joseph Penley, and the fellowship and refreshments after the service.

Penley descendants who now live in Arizona, Connecticut, Maryland, and Maine will be participating in the service. Located three miles south of Main Street on Riverside Drive, which is also state Route 136, the land for the church and \$1,000 for the church building were donated in 1833 by Capt. John Penley, eldest son of progenitor Joseph and Esther (Fogg) Penley.

Joseph Penley was born in 1755 in Nailsworth, England and arrived in Freeport in 1770. In 1780, Joseph first married widow Esther Fogg Johnson and they had ten children. Family genealogists will be available both before and after the service to receive information from descendants and for lineage consultation.

Descendants who are unable to attend the reunion and anyone knowing of any Penley descendants are urged to contact Mrs. Janice Robbins Freeman, 5 Fullerton Court, Boothbay Harbor, ME 04538, or e-mail her at snibbor13@juno.com. Mrs. Freeman may be reached at 633-9922.

Only with the continued collaboration and cooperation of all Penley descendants, will the family genealogists be successful in updating and keeping current the research and compilation of the late Rev. Robert Irving Penley 1909-1996, a great-great-great-grandson of Joseph and Esther (Fogg) Penley.

BEFORE BUYING A HOME!

Where do you start when you are ready to buy a home? Before you begin looking for a home, you have to make some decisions. You need to decide what is important to you when purchasing your home. Before starting out on your home search it is a good idea to sit down and develop a list of what is important and what you would like in your new home. Your list could include schools, neighborhood, amenities, number of bedrooms, number of baths, a basement, a separate dining room, 2-story family room or foyer, one level ranch plan, master bedroom on the main level, special financing, seller willing to cover closing costs and the list goes on and on.

An experienced buyer real estate agent can help you through the process. There is no such thing as a perfect house, therefore once you have developed your list you should begin to prioritize it. You can prioritize into, "must have", "should have" and "would be nice to have". By having a clear understanding what you want in your new home, and the priority of those items, you will be in a much better position to decide whether you want to put an offer on a house you see and like. It is also a good idea to consider whether you want to purchase a new or pre-owned home.

REAL ESTATE AND YOU

HOW REALTORS WORK TO SELL YOUR HOME

When a seller lists a home with a real estate professional, a lot of brainstorming takes place to determine the most effective way to promote the sale. As the homeowner, it's important for you to ask your realtor questions that will help you participate in the process. Who are the potential buyers for that location and price range? What media sources will be used to advertise the listing? Will they promote your home with multiple photos and a virtual tour of the property? How will the realtor work with other local real estate professionals?

Part of your agent's job is to protect you by screening inquiries about your house, identifying serious buyers and pre-qualifying those who have the resources to make a sound offer. Realtors are trained to handle the transaction professionally and to protect the privacy of your home.

You and your real estate agent have a shared goal - to sell your home as quickly as possible and for the best price.

In Loving Memory
on his birthday
Donald E. Ryerson
Son, Brother & Friend
7/7/84 - 8/2/02

He is gone, but not forgotten,
And, as dawns another year,
In our lonely hours of thinking,
Thoughts of him are always near.
Days of sadness still come over us.
Friends may think the wound has healed,
But they little know the sorrow
That lies within our hearts concealed.

Sadly Missed and
Lovingly Remembered

SIDNEY D. PERHAM
Sidney D. Perham, 76, son of Harold C. and Mary "Maizie" Slattery Perham, was born in West Paris, March 6, 1931, and died at the VA Medical Center in Bath, N.Y., on June 28, from complications from pneumonia.

He graduated from West Paris High School as valedictorian of the Class of 1949. His classmates referred to him affectionately as "Gov.," as he was named after the governor of Maine, Sidney Perham (1871-1874). In high school he played basketball, was proficient in public speaking and in his exceptional knowledge of history.

He attended Colby College for two years, then served in the U.S. Navy before returning to Colby, where he graduated in June 1956. After col-

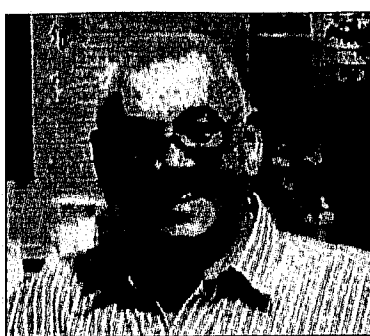

lege graduation he taught English for one year at North Yarmouth Academy, then taught the next year at Kents Hill Preparatory School, and one year at New Gloucester High School. For many years, he lived and worked at the VA Center in Bath, N.Y., where he was employed in the library at that facility. While there, his favorite pastimes were reading and playing bridge.

In his later years, he lived at the Briarcliff Assisted Living Home in Bath, N.Y. until his death. A very special reunion took place in July 2006 when Sidney visited his sister and brother-in-law, Mary Ann and Ray Brown's home and attended the Perham family gathering at Fay and Russ Perham's home on Whitney Pond with about 70 family members in attendance. We are so grateful for this time with our brother, Sid. He was a kind and gentle soul, who will be missed.

He is survived by five sisters, Natalie N. Rice and her husband Herbert Jr., of South Portland, Margaret "Peggy" Turner and her husband Gilbert of South Paris, Mary Ann

Brown and her husband Raymond "Ray" of West Paris, Martha Sirois and husband Roger of Greene, and Nancy Perham of San Francisco, Calif.; six brothers, Alfred C. Perham and wife Dotty of Upper Marlboro, Md., Roscoe E. Perham and wife Fay of Oxford, Joseph A. Perham and wife Peggy of West Paris, Bradley L. Perham of Mount Holly, N.C., Douglas A. Perham and wife Kathy of Cherry Hill, N.J., and John L. Perham and wife Iris of Newton Upper Falls, Mass.; a sister-in-law, June Perham of Tucson, Ariz. Many nieces, nephews and cousins. He was predeceased by his parents; a brother, Harold C. Perham Jr.; two sisters-in-law, Mrs. Bradley Perham (Sarah), and Mrs. Douglas Perham (Mary Anne); and a brother-in-law, John Heinrich of San Francisco, Calif.

Graveside services will be held at the Wayside Cemetery in West Paris at a future date. Time and day will be announced. Online condolences may be expressed to the family at www.oxfordhillsfuneral.com.

FREDERICK L. FARNUM
Frederick Lester Farnum, 74, of Bryant Pond, passed away June 8, 2007 at Martin Memorial Medical Center in Stuart, Fla., following a lengthy illness.

He was born in Bryant Pond, where he kept a summer residence. For the past 12 years he spent his winters in Jensen Beach, Fla., where he was a professional shuffleboarder.

He was a veteran of the Korean Conflict. After retiring from Boise Cascade mill in Rumford, he enjoyed his free time fishing, hunting and clamming. He also liked to spend his summers camping at Winslow Park in Freeport.

He is survived by his wife of 54 years, Eleanor (Wing) Far-

num; two sons, Steve Farnum and wife Rosalie of Harrison and Ricky Farnum and wife Tammy of Bryant Pond; three sisters, Cynthia (Farnum) Heath and husband Jim of Locke Mills, Carol (Farnum) Campbell of Bryant Pond, and Emily Farnum of West Paris; one brother, David Farnum and wife Sandra of Bethel; and two grandchildren, Angie (Farnum) Contreras and husband Nate of Topsham, and Caleb Farnum of Harrison. He was predeceased by his father and mother, Carroll and Evelyn (Johnson) Farnum and a brother, Cecil Farnum.

At the request of the family, there will be no funeral services. Memorials may be made to the Leukemia/Lymphoma Society, 4360 Northlake Blvd., Suite 109, Palm Beach Gardens, FL 33410.

Card of Thanks

I want to thank everyone who helped me when I fell in the barn, especially Brad Gaudreau, Berta Broomhall, Lisa Smith and the Bethel Ambulance crew. You are all great.
